

NON UNION WORKERS LIVES ARE IN DANGER

HERRIN BUSINESS MEN SAY SOLDIERS NEEDED FOR ESCORT

Victim Adds Details to Story of Battle—Cut Throats of Two

(By The Associated Press)

HERRIN, Ill., June 26.—Twelve wounded men, survivors of the 47 non-union workers and guards captured at the Lester mine by a mob last Thursday, are in danger of their lives if they leave the Herrin hospital, according to reliable reports reaching state and federal investigators tonight.

"Dead men tell no tales, and some of those under medical care know too much for the safety of members of the mob," one Herrin business man commented.

Hospital officials admitted tonight that some union men attempted to remove one of the wounded guards Saturday night, under promise of escorting him over the county line, but they were denied entrance.

Herrin officials and business men who privately deplore the massacres, are keenly alive to the disgrace their city has suffered but say that they do not dare make any public protest, for business reasons. Opinion among the responsible element of the community seems to be that the state should send one or two squads of armed soldiers to Herrin when the wounded are ready to leave, to furnish them safe conduct to Chicago. The mere appearance of a small body of men in uniform would forestall any mob action, Herrin men say.

That the wounded fear violence if they are forced to leave the hospital unprotected was confirmed today by four of the men. That fear was also held by Howard Hoffman, Huntington, Ind., one of the mine guards, and another unidentified guard, both of whom died in the hospital.

Hoffman, in a dying statement, warned hospital authorities, it is said, that none of the wounded would leave Williamson county alive. He and the unidentified man, who also died, were among the six men who were tied together and shot down in a cemetery near here. Three were killed instantly. One man is still in the hospital. He may recover. Hoffman, when dying, said he fell at the first volley and feigned death. A member of the mob approached and fired point blank into his back. Hoffman fell over, face up and several men stamped on his chest and committed other atrocities too indecent to print. Finally one of the mob drew a knife and slashed Hoffman's throat.

The other man who died in the hospital without giving his name and who was buried with the unidentified dead, told practically the same story. His throat also was cut. He said one member of the mob grasped his head as he lay wounded on the ground, and held it back while a companion wielded the knife.

Add Details to Account. Allen E. Finley, of Chicago, timekeeper for the mine guards, who is in the hospital with more than 40 gunshot wounds in the left side and a revolver bullet thru his left foot, tonight added more details to his previous accounts of the massacre.

Finley said there were 66 non-union workers and guards in the mine bunk cars Wednesday night, and that only 47 were marched away by the mob. Whether the missing 19 fled during the night and escaped through the encircling mob, or whether they were killed in the cars and their bodies burned when the attackers fired the bunk train, Finley does not know.

Not all of the mob was from Williamson county, according to the story of the Christopher Progress, a labor paper of Christopher, Franklin county, a copy of which an Associated Press correspondent obtained at Marion today. The Progress account of the battle says men from Herrin, Marion, Zeigler and Christopher were among those present. The editor reports he is "positive that on Wednesday night at least 2,000 persons were near the scene of battle. He estimated the union men to number at least 500 who were all armed with high powered rifles, shot guns and pistols. Ammunition was brought to the miners by the box full and distributed to those whose supply had run out earlier in the day."

GOVERNMENT GIVEN VOTE OF CONFIDENCE ON ITS IRISH POLICY

Debate on Proposition Was Milder Than Was Expected

(By The Associated Press) LONDON, June 26.—After a debate which was not so heated nor acrimonious as was expected the government tonight won a virtual vote of confidence on its Irish policy, when a "die hard" motion by Sir Frederick Banbury, Unionist for a reduction of the chief secretary for Ireland's salary as an expression of disapproval of the government's policy and failure to afford police protection for Field Marshal Wilson, was defeated. The vote was 342 to 75.

Winston Spencer Churchill, secretary for the colonies, in his statement on Irish affairs, made it clear that the imperial government would expect the provisional government, now that it has secured the people's mandate to take the necessary steps to assert its complete authority and with equal frankness emphasized that the British government would not allow the coercion of Ulster by the south—in fact, the failure to observe the treaty would mean the British government resuming complete freedom of action.

Premier Lloyd George in a brief speech, winding up the debate, repeated the familiar arguments in support of the government policy and contended that the Irish provisional government now had the people of Ireland behind it, and what it did or failed to do would be the real test of whether it was fit to govern.

The question of Field Marshal Wilson's murder did not figure in the debate as largely as might have been anticipated. Home secretary Shortt was able to show that the ministers and others from whom police protection had been withdrawn had acquiesced in the withdrawal.

Loud cheers greeted the announced result of the vote, giving a substantial majority for the government.

L. W. W. SAID TO BE MENACING CROPS

(By The Associated Press)

TOPEKA, Kans., June 26.—Governor Allen and Lew T. Hussey state fire marshal, tonight issued a call for the county attorneys and sheriffs of the counties in the Kansas wheat district to meet in Hutchinson on Wednesday to deal with the alleged L. W. W. menace in the wheat fields.

"With 20 organizers under arrest and every indication that a concerted and well planned movement is on foot to terrorize the wheat fields, we are urging to throw every force available into the fields, from now until harvest is over," said Mr. Hussey tonight.

Mr. Hussey announced that he had in his office several bottles taken from the men under arrest. They are small bottles, about three inches long, he said, and filled with phosphorus.

BAPTIST MINISTERS DEPLORE HERRIN TRAGEDY

CHICAGO, June 26.—In a resolution deploring the outbreak of violence last week in the mine strike trouble at Herrin, Ill., where more than a score of men were slain, the Baptist ministers of Chicago today declared their "strong conviction that such violence in labor disputes is un-American and in the long run harmful to those who resort to it."

The resolution urged the president, secretary of labor and the governor do everything possible to effect an equitable settlement of the coal strike.

In the same article, Walter W. Sims, editor, says:

"The whole of Williamson and Franklin counties was in a turmoil until late Thursday, and on Wednesday afternoon the miners in Zeigler and West Frankfort were canvassing the business districts and houses for arms and ammunition. We have talked to several who were near the scene of rioting and many have reported to us that no city in the community showed their colors as much as Zeigler, which is located in Franklin county. At least 300 journeyed in cars from Zeigler on Wednesday evening, and almost every car was loaded with men, guns and ammunition."

Shrift Thaxton said today he had been unable to get any information leading to the identity of any member of the mob. At the hospital here, where the twelve non-union men and two union miners who were wounded in the attack on the mine are patients, it was said that the sheriff had not questioned any of the wounded on either side.

SENATE CONFINES ITSELF CLOSELY TO TARIFF BILL

Cleans Up Several Schedules During the Day's Work

(By The Associated Press)

WASHINGTON, June 26.—Confining itself more closely to the tariff bill today than it has on any day since that measure came before it the senate cleaned up the wood schedule by voting 49 to 18 to retain shingles on the free list and then disposed of all committee amendments to the tobacco schedule. Tomorrow it will come to the agricultural schedule with its multitude of duties on farm products.

The controversy over shingles was confined almost wholly to the Republican side. Senators Jones and Poindexter, Republicans, Washington, and McNary, Republican, Oregon, led a fight for the house rate of 50 cents a thousand on shingles and were opposed by Senators McCumber, North Dakota, in charge of the bill, and Kellogg, Republican, Minnesota.

After voting to approve the committee action in striking out the house rate the senate rejected an amendment by Senator Borah, to make the duty 25c a thousand. The Republican agricultural tariff bloc split on each vote as did the majority of the committee.

Only two controversies of moment arose over the tobacco schedule and all rates proposed were approved without roll calls. The committee majority receded from its recommendations for duties of \$2.35 a pound on unstemmed wrapper and \$3.00 on such tobacco stemmed, accepting the house figures at \$2.10 and \$2.75 respectively.

Senator Shortridge, Republican, California, opposed a committee amendment striking out the house duty of \$1.00 a pound on Turkish tobacco and gave notice that when the bill reached the senate he would seek to have the duty restored. He said large quantities of this tobacco could be produced with proper tariff protection.

Other committee rates approved were 35 cents a pound on unstemmed filler tobacco; 50 cents a pound on such tobacco if stemmed and 35 cents a pound on scrap tobacco.

PAY COMPLIMENTS TO CHAIRMAN LASKER

(By The Associated Press)

WASHINGTON, June 26.—Three democratic members of the house merchant marine committee—Harry, Texas; Davis, Tennessee and Bankhead, Alabama declared in a joint attack on the ship subsidy bill put in the congressional record that Chairman Lasker of the shipping board probably is the only man in the U. S. "who could have captivated the president, overruled the cabinet and chloroformed the anti-saloon league and the prohibition commissioner."

Characterizing the bill as "vicious," the Democrats asserted the purpose back of its postponement was to produce a "favorable reaction" as to change, a sufficient number of house members to put it through.

U. S. NAVAL OFFICER REPORTS UPRISING

Shanghai, June 26.—Commander Bullard, commanding the United States naval patrol on the Yangtze river, who arrived tonight on his flagship, U. S. S. Isabel, confirmed reports of the recent uprising in Kiangsi province and the killing of many natives, but declared no foreigners had been killed or captured.

JOHNSON WANTS TO FURTHER TIGHTEN IMMIGRATION LAWS

New Bill Would Bar All Except Those Eligible to Citizenship

(By The Associated Press)

WASHINGTON, June 26.—Under a bill designed to tighten the immigration law introduced today by Chairman Johnson of the house immigration committee, admission for permanent residence in this country would be granted only to aliens eligible for citizenship, thus, it was pointed out, shutting the gates to Japanese, Chinese, Mongolians and others not granted the right of citizenship who desire such residence.

The Johnson bill also would reduce on July 1, 1920, the quota percentage from each country from three to two per cent based on 1910 census figures in addition to the two per cent quota each country would be given a flat allowance of 600 the maximum total from this 600 being estimated at 24,000.

The percentage reduction, according to Mr. Johnson's estimates would cut the total quota admissions from around 225,000 to 170,000.

Exemptions are not included in these estimates. Not more than 10 per cent of any country's quota would be admitted into the United States in one month which would extend the movement over a period of 10 months instead of five as at present. No attempt will be made to vote on the proposal at this session.

SUN YAT SUN IS STILL FIGHTING TO SAVE HIS JOB

Marching On City of Canton With An Army of 50,000 Men

(By The Associated Press)

SHANGHAI, China, June 26.—Sun Yat Sen's northern army, liberally estimated at 50,000 men still remains loyal to the deposed president of south China and is marching on Canton in three sections, according to reports received by the Vernacular papers from various Canton sources believed to be reliable.

Sun's forces converging on Canton are declared to outnumber the troops under Chen Shung Ming, who deposed Sun. Chinese observers predict severe warfare between the two factions with the odds in favor of the restoration of Sun Yat Sen and the defeat of Chen.

Three Generals in command of 30,000 of Sun's Kiangsi army of 50,000 said to be driving southward. They are Dus Tsung-Chi, Li Lieh-Chun and Huang Ta-Wei.

Reports received from Canton assert that General Huang, with 20,000 troops, is holding a line in the southern Kiangsi province below Kanchow while Generals Li and Du are commanding the spread of the drive against Chen Shung-Ming.

Sun's northern forces are not expected to reach the neighborhood of Canton inside of two weeks.

GRADE CROSSING ACCIDENTS INCREASE

CHICAGO, June 26.—Fatal railroad highway grade crossing accidents increased 345 per cent and no non-fatal accidents of that type 652 per cent in the last 20 years as compared with a population gain of 68 per cent. President J. E. Gorman of the Chicago Rock Island and Pacific Railway said in a radio address broadcast from there today. Automobiles were involved in 76 per cent of the cases according to Mr. Gorman.

Declaring that elimination of such crossings would require about \$12,500,000,000 and at the present rate would take 629 years, he urged careful crossing as the one practicable remedy in his opinion, and called attention to the "careful crossing" campaign.

HUNTER ISSUES STATEMENT TO A. P.

HERRIN, Ill., June 26.—Colonel Hunter of the Illinois National Guard, before leaving Herrin this afternoon gave the Associated Press the following statement: "I am leaving today conscious and satisfied that I performed my whole duty, in so far as it was within my ability to do so. I advised and pleaded with every one whom I thought could be of assistance in averting what occurred."

"Williamson county should not be wrongfully pictured or criticized for the unlawful acts of a frenzied mob. What has occurred should serve as a warning to civil officials and the general public to be on the alert to prevent any possible recurrence."

BRIEFS

(By The Associated Press)

WATSEKA, Ill., June 26.—Weldon Reiley captured Friday evening, after a revolver battle near Gifford, died at a local hospital Saturday evening, without coming to any of the burglaries of post offices and stores charged to him and other members of his alleged gang.

When arrested, he had \$332 in money, some liberty bonds and post money orders.

SAGINAW, Mich., June 26.—Congressman Joseph W. Fordney chairman of the house ways and means committee and author of the Fordney tariff bill announced positively this morning in a telegram to the Saginaw News Courier, that he will not be a candidate for re-election. He plans to retire at the end of his present term, after 24 years of continuous service in congress.

ROCKFORD, Ill., June 26.—Charles Peterson, sent to Cook county hospital from this city last January as a deposed suspect shot himself here yesterday with suicidal intent and is in a critical condition at a local hospital. News 23: Local medical authorities said they were not aware that he was coming back to this city.

CHICAGO, June 26.—Frank G. Owen, a wealthy lumber man from Medford, Oregon was killed by a fall from the seventh story of a Michigan boulevard hotel, early today.

FARIBAULT, Minn., June 26.—Mrs. Thomas John, of Keokuk, Iowa, was killed in an automobile accident near here late yesterday when her automobile struck loose gravel on the road and turned over.

DIXON, Ill., June 26.—Officials of Northern Illinois are today searching for James Howard of St. Louis, and Robert England of Grand Detour, who escaped from the Lee county jail Saturday night. Both men awaiting action of the grand jury on charges of stealing automobiles. Lee county authorities believe the men received help from outside, wire clippers and pieces of hack saws found in the cell room giving foundation to the theory.

DANVILLE, Ill., June 26.—Officers and members of local unions comprising sub-district No. 3 of United Mine Workers of America will meet here today and discuss the closing down of all mines in the sub-district. Under the present agreement mines furnishing coal to public utilities, schools, churches and hospitals have been permitted to operate. The sub-district includes all mines in Vermilion county, two at Decatur and one at Lovington.

LONDON, June 26.—Apprehension in Holland that the former German emperor might slip away in the event of a royalist uprising in Germany as the result of the assassination of Foreign Minister Rathenau is groundless, according to J. B. Kan, secretary of the Dutch home office at The Hague. The Daily Mail correspondent quotes him as saying that "the Kaiser could not get away even if he wished."

LANDIS CAUTIONS BASEBALL PLAYERS

Boston, June 26.—Judge Landis, baseball commissioner, made his first official visit to this city today and before the American League game talked to the players of the Boston and New York clubs about their conduct on and off the field. He cautioned them particularly against gambling and added:

"A man may gain special distinction by getting up to see the sun rise, but never by staying up to see it rise."

HANNA'S BEST MAN DIES IN POOR HOUSE

CHARGED WITH SLAYING BROTHER

Mellen, Wis., June 26.—Charles Susketo is under arrest today charged with slaying his older brother, Joe, 50, who died last night from the effects of shot gun wounds. The shooting was said to have followed a quarrel over the younger brother's over-indulgence in "moonshine."

UNION POLICY IS STILL UNALTERED MINE LEADERS SAY

Efforts to Settle Bituminous Strike Meets With Check

(By The Associated Press)

Administration efforts to bring about a settlement of the bituminous coal strike met a preliminary check today.

After a conference with President Harding and Secretary Davis, president Lewis of the United Mine Workers announced that the union policy still was unaltered and unyielding in its insistence that a new wage scale must be set up for the strike ridden mining districts by national or semi-national conferences with operators.

The meeting which took place around the white house luncheon table was the last of a series of conferences into which Secretary Davis took Mr. Lewis after his arrival from Cincinnati Sunday.

Officially no statement was forthcoming from the Secretary Hoover was also called to the white house for a word with the president about the situation immediately after Mr. Lewis left. Apparently no spokesmen for the mine operators, whose refusal before last April to meet in the semi-national wage scale negotiations of the central competitive field was the controversial point in the strike were in the capitol today.

Mr. Lewis was first invited to Washington last Tuesday and upon his arrival Sunday was taken to Secretary Davis' private apartments for a protracted discussion running several hours past midnight to be renewed later today at the labor department.

Talk General Problems "We talked over the general problems of the bituminous industry and the strike," Mr. Lewis declared, "its overdevelopment and intermittency and projects for its stabilization."

"With relation to the present strike we considered the matter of a joint conference of operators and miners especially the merits of proposals to hold district conferences between operators and miners for wage settlement as compared with a joint conference in the central competitive field, or a national conference of all fields thru representatives. The situation is unchanged."

"I explained to the president the futility of attempting settlements in individual mining districts. There are no groups of operators willing to hazard their competitive relationship with other producing sections by fixing a wage scale until they know what their competitors are going to pay."

"The country will be facing a serious shortage of coal within a few weeks and if the strike continues the railroads will be unable to transport enough to take care of industries and domestic consumers."

DISASTROUS FIRE MT. MOUNT AUBURN

(By The Associated Press)

MOUNT AUBURN, Ill., June 26.—Fire which threatened to wipe out this town today was put under control when a shift in the direction of the wind made a checking of the blaze possible.

Eight of the town's stores, one residence and a barn burned. Mount Auburn has a population of about 500.

Chared ruins tonight mark the site of the town's business district. Started at some source yet unknown the fire broke out between 2:30 and three o'clock this morning, and before daylight had caused damage estimated at \$75,000.

A bucket brigade fought the flames, but was unable to stem their advance, until the wind changed. It is believed that the fire started in the building of Walt M. McWard, implement dealer.

BOLSHEVIKIS WANT CREDITS FIRST OF ALL LIVINOFF SAYS

Throws Bombshell in The Hague Conference On His Arrival

(By The Associated Press)

THE HAGUE, June 26.—Bolshevik Russia wants credit before anything else, said Maxim Livinoff, head of the Russian delegation, which arrived here today, in his first statement to the press tonight. His words created consternation among the representatives of the European countries here, because they had virtually agreed to discuss credits last of all—after some tentative accord had been reached on the question of private property on Russian debts.

Some delegates believe that persistence of the Bolsheviks in this attitude may imperil the conference; they point out there can be no serious conversions about loaning money or opening credits until some satisfaction is first obtained concerning property and debts. Belgium and France will be the first to oppose the soviet procedure.

The eve of the conference, therefore has produced a thorny issue, which only adherence to the policy of calmly and patiently listening to the Bolshevik spokesmen can save from wrecking the conference at an early date.

The Russians further have announced that as they have only 3 delegates they cannot split into sub-commissions, but must all go together to the meetings. This upsets plans which were arranged before the Russians arrived.

SNEED ACCUSES OPERATORS OF CAUSING TROUBLE

Operators of Illinois Enter Strenuous Denial of Charge

(By The Associated Press)

HERRIN, Ill., June 26.—Suggestions that the opening of the ill-fated strip mine of the Southern Illinois Coal company was backed by coal operators of the state and that "The United States steel trust" was also assisting the owner of the mine, W. J. Lester, were contained in a statement tonight by Senator W. J. Sneed.

"Statements were made by many," Sneed said, "that the steel trust was assisting in the opening of the Illinois mines on a non-union basis."

"The slaughter was termed a 'horrible affair' by Senator Sneed. He again declared the Southern Illinois company was to blame for the affair. Mr. Lester and his company should be made to pay dearly for this outrage, even to the extent of taxing them for the next 10 years and making it impossible for him ever again to fasten on any community such stigma as has come to Williamson county thru his efforts, which every American citizen should and does resent," the statement concluded.

"Make Vigorous Denial. St. Louis, June 26.—Vigorous denial that there was any truth in the suggestion of State Senator Sneed of Herrin, that the opening of the Southern Illinois Coal company's strip mine, which resulted in the Herrin massacre had the backing of the coal operators of Illinois was made tonight by presidents of two Illinois coal operators' associations.

They were W. K. Kavanaugh, president of the coal operators' association of the fifth and ninth (Illinois) district and Rice Miller of Hillsboro, Illinois, president of the Illinois Coal Operators' association.

"If Senator Sneed has anything to prove his suggestion he should turn his evidence over to the prosecuting officials," said Mr. Kavanaugh. "Mr. Lester, owner of the strip mine is not a member of any operators' association in the state."

Operators Not Involved. St. Louis, Mo., June 26.—"The Illinois Coal Operators' association had nothing to do with the opening of that strip mine," Mr. Miller said, "and I did not know the mine was in the state until I read about it in the newspapers. Mr. Lester, the owner of the mine is not a member of our association and so far as I know is not a member of any operators' association in Illinois."

BRUNDAGE SAYS HE WILL HELP OFFICIAL

Chicago, June 26.—Attorney General Edward J. Brundage today declared he would give every assistance to the state's attorney of Williamson county in investigating the riot at Herrin last week and in prosecuting the guilty.

"The state's attorney as a capable man and will do his duty," said the attorney general. "He will gather the evidence and submit it to a special grand jury."

MRS. LEN SMALL'S FUNERAL WILL BE HELD WEDNESDAY

Will Be Held From Family Home in Kankakee at 3 O'clock

(By The Associated Press)

SPRINGFIELD, June 26.—Mrs. Small's funeral will be held from the home at 3 o'clock Wednesday afternoon. Interment will be in the family lot at Mount Grove Cemetery.

KANKAKEE, Ill., June 26.—Mrs. Small was stricken with apoplexy Saturday night during the excitement incident to the celebration of friends and fellow townsmen of the Governor as a result of his acquittal that afternoon at Waukegan. With her at the time of her death was the Governor and their three children, Leslie and Budd Small and Mrs. A. E. Ingles, all of Kankakee.

"It is a terrible price to pay," were the words of Governor Small, repeated over and over.

The shock of his wife's collapse and her death were heavy blows to the Governor. Surrounded by his children, the Governor today attempted to hold up under the strain.

Mrs. Small never rallied from the time she was stricken and collapsed in the Governor's arms. Since she was stricken she had been unable to recognize the Governor or other members of the family.

Mrs. Small's ambitions were centered in the welfare of her family. She was strictly of the type known as a "home woman," her interests as a mother and wife over-shadowing all other duties. She was declared by her friends as truly democratic and hospitable, without thought of the station in life with the citizen with whom she came in contact.

Altho outwardly, apparently for the sake of the governor, maintaining her composure bearing through the last days of the Governor's trial, Mrs. Small had confided her close friends that she feared she could not hold out much longer against the strain of the trial. The closing day, Saturday, she had told her friends, was what she feared most.

The joy of the acquittal of the Governor, she took with her to their home here and her farewell to her neighbors and friends was made as she stood beside the Governor on the porch of their home and received the congratulations of the assembled townspeople. It was there that she was stricken.

Springfield, Ill., June 26.—Officers of the Chief Executive were immediately closed upon receipt of word this morning that Mrs. Len Small had died at her home in Kankakee. A meeting of all department heads and Secretary of State L. L. Emmerson was held at 9:30 o'clock.

Their message, dispatched at 11 o'clock this morning, and bearing the names of the committee, was as follows:

"We, the representatives of the State officers and all Departments of the State Government, extend to you and your family our heartfelt sympathy in this your great hour of sorrow. We join with you in mourning the loss of a faithful, loving wife and mother, and with the entire State of Illinois in mourning the loss of one of its noblest and best women, whose life and work have been a blessing and benediction to all who knew her."

KILLS WIFE, THEN SHOOT HIMSELF

Frank Farrington, head of the Illinois miners' organization, in a communication sent to the miners of the state urges vigorously against violence in any form. Mr. Farrington is very much in earnest in this order and makes it plain that he feels the miners' cause has suffered greatly by the Herrin massacre.

Those who watch the steel market know that there have been several substantial advances in recent months. Within a few weeks' time the price of steel has advanced 15c a barrel. Other advances are noted in basic things. These facts to students of economics portend improved business conditions, for history shows that high prices and business activity go along together.

The annual city campaign against weeds has begun, but there is still plenty of opportunity for the use of the scythe and hoe. Why not help the city officials bring about the weedless condition of vacant lots that is desired?

A clearer side light on conditions at Herrin has been given by the verdict of the coroner's jury. That finding indicates the belief of the jurors that the men who own the mine were entirely responsible for the murders. The chances are very slim that anyone in Williamson county will be convicted for complicity in the Herrin massacre.

THE DEATH OF MRS. SMALL

The death of Mrs. Len Small, coming so suddenly, gives the touch of tragedy to the recent trial at Waukegan. There is no doubt but that the strain of the long trial and the uncertainty as to its result had much to do with the condition of the governor's wife. The verdict of acquittal came and its attendant joy, the relaxation from tense anxiety, was too much and a vital cord snapped.

The personal history of Mr. and Mrs. Small shows them both school teachers in the earlier years. They began married life in humble circumstances and have wrought together thru the years. Those who knew Mrs. Small intimately speak of her as a home-loving woman of the highest ideals.

WOULD PROMOTE HIGHER IDEALS FOR MOVIES

The sincere purpose of the Famous Players-Lasky Corp. to have players thru exemplary conduct merit the confidence of the public is seen in the formation of the Paramount Stock Co. Men and women who are associated with the studio work of this corporation are expected to become members of this stock company.

Ten rules and regulations have been laid down, all giving emphasis to right habits in living. No. 8 in these rules and regulations says:

"Be careful in the choice of your associates outside of the studio. Remember that a man is known by the company he keeps. A woman is known by the company she avoids."

The final paragraph presents these sentences:

"The motion picture, because of its distribution, gives you popularity, wealth and a great career. But, by virtue of this distribution, it also brings enormous responsibilities. You must accept these responsibilities. The motion picture has made you an intimate friend of countless people whom you will never see. You are their friend, nevertheless, and it must be your constant care never to do anything or say anything that will betray the confidence these millions of motion picture lovers have placed in you. Therefore, members of the Paramount Stock Company are expected to avoid places, circumstances and conduct which might in any way bring themselves and the motion picture profession into disrepute. Any member failing strictly to observe this rule is liable to instant dismissal from the company."

HOUSE HEARS TWO SIDES OF HERRIN TRAGEDY MONDAY

Goodekoontz of Virginia and Denison of Illinois Talk

By Associated Press. WASHINGTON, June 26.—Two sides to the Herrin, Ill., mine killings were heard today in the house during debate in which Representative Goodekoontz, of West Virginia, and Representative Denison, of Illinois, both Republicans participated.

Mr. Goodekoontz called upon officers of the United Mine Workers to assist in prosecution of those responsible for the disorders, even though found among the union membership. "Otherwise," he said, "the organization will never be able to rise from the low level to which its members have caused it to fall."

Mr. Denison, in whose district the disorders occurred, replying, set forth in detail the conditions which led to the killings, declaring the most unfortunate affair "was due to the employment of non-union men 'armed with rifles and machine guns' to mine coal in violation of an agreement entered into with the union miners."

The Illinois representative contended that newspapers reported of the disorders in many cases were very inaccurate and said that according to the local papers of Marion, his home, "not one fifth of the press reports to the metropolitan newspapers were true," he said he regretted the "repulsive and horrifying details" contained in some accounts, and added: "I know that many of the revolting, gruesome details are not reliable and not true in many instances."

While not excusing a resort to force by the union miners, Representative Denison said it was well known that whenever non-union miners were taken into Southern Illinois to mine coal there had been a tragedy.

Representative Goodekoontz asserted that the coroner's jury verdict indicated that they (the union miners) have even control of the processes of the law there.

BEARDSTOWN POLICE FINALLY NAB RAGAN

Beardstown, June 26.—Leslie Ragan, who for more than a year has been wanted by Schuyler and Cass county authorities on charges of shooting an officer and bootlegging, was arrested here.

The affair happened a year ago when Ragan in company with two Beardstown girls came to Rushville with the intention of attending a dance at which's dance hall. The girls remained in the touring car while the boys were playing their business. Officials of that city, Marshal Logsdon and Night Police Walker, were on the job and became suspicious of the boys' actions about the car which was parked on North Liberty street. Sheriff Lashbrook and his deputies were notified and accompanied the officials to the scene. Evidence was found upon search, but Ragan, who was armed, made his getaway.

A running pistol fight ensued, but Ragan escaped. Glen Malloy received a bullet wound in the leg. During the escape Ragan ran into a buggy and was run over, but got up some way and hid behind residence while he fired at the officers. Until Saturday he has not been heard of or seen by officers, but arrest was immediately made. The girls were held until they proved their innocence.

Ragan declares he is ready to take his medicine.

Misses Aileen Nunes and Halie Johnston were among those from this city who went on the excursion to Fort Madison.

John Kennedy of Arad: was down to the city yesterday.

WILL GIVE OUTING FOR SIXTY CHILDREN

Social Service League Is Raising Fund To Send Boys and Girls On Pleasure Trip.

If you want to aid in the good cause of giving an outing for sixty children at Mercedosa, leave your subscription at the Courier or Journal office for the Social Service League fund. Altho the arrangements have been underway for some time, the first public appeal for funds was made in Sunday's Journal. The first person to add \$5 to the fund Monday was T. M. Tomlinson.

One hundred and forty dollars has been subscribed toward the \$300 fund and therefore subscriptions of \$165 are needed to take care of the total expense for the outing of these thirty boys and thirty girls who could not otherwise enjoy such a trip.

The subscriptions can be left at the newspaper offices as indicated and will be acknowledged and transmitted to Miss Fowler of the Social Service League. This is a chance to help along with a worthy cause.

FUNERALS

Bingman

Funeral services for Steven E. Bingman were held Sunday afternoon, June 25, 1922 at Hebron church near Sinclair. Services were in charge of Rev. M. L. Pontius, assisted by Rev. A. T. Brown. A large assembly of relatives and friends had gathered to pay the last tribute of respect to one so widely and favorably known. The many floral offerings were cared for by Mrs. D. N. Harris, Mrs. S. J. Ward and Mrs. F. G. Sims. Appropriate songs were beautifully rendered by the church choir. Burial was made in adjoining cemetery, the bearers being D. N. Harris, C. W. Swain, T. G. Sims, H. Robinson, W. W. Robertson and G. V. Flinn.

Obituary

Steven E., son of Samuel and Alabama Bingman was born near Sinclair, October 10, 1897, and passed from life at 9 o'clock Friday evening, June 2, 1922, at the home of his foster daughter, Mrs. John Baker of Jacksonville, having attained the age of 24 years, 8 months and 13 days.

Practically all of his life was spent in and near the Sinclair and Yatesville communities. August 20, 1884, he was united in marriage to Miss Alice Coker, who preceded him in death May 1st, 1917. To their union no children were born, the Clair, the motherless daughter of J. A. Stockton, at the age of 3 years, was taken into the hearts and home of Mr. and Mrs. Bingman, where she was ever a loved and loving daughter. He also leaves one sister, Mrs. Mary Stockton and one brother Elsha C., both residing near Sinclair. Three brothers, Eugene, Samuel and James and two sisters, Mrs. Margaret and Mrs. Susan Lindsey, preceded him in death.

In 1904 he, under the pastorate of Rev. C. E. French made the confession and was baptized and became a member of Berea Christian church, where he has ever been faithful in the advancement of the Master's cause. Mr. Bingman was of a very quiet, unassuming nature, pleasant and agreeable in the daily routine of life. By being so kind and gentle he won and retained the friendship and highest esteem of all with whom he came in contact.

His final illness was of brief duration; he endured his sufferings with great patience and even after speech was denied, would smile his appreciation of each kindness. All that skill and love could do was done for him, but God giveth and taketh His own. His passing is a great sorrow to friends and loved ones, tho there is consolation in the thought that His trials are over, the Cross laid down.

In splendor and triumph he wears the crown. Back to this earth he will never roam. We'll meet him him in that "Home Sweet Home."

BIRTHS

Born, Sunday morning to Mr. and Mrs. Earl Gruber, 1246 Allen avenue, an eight pound daughter.

Word has been received here that Mr. and Mrs. Albin Molohne of Detroit, Michigan, are the parents of a daughter, Kathleen Patricia, born June 24. Mrs. Molohne was before her marriage Miss Josephine Doenges.

Announcement has been received of the arrival of a daughter at the home of Mr. and Mrs. Edward H. Decker in River Forest, Ill. Mrs. Decker before her marriage was Miss Grace Holmes Less, and was for a time a student at Illinois Woman's college.

FUNERAL OF MRS. EVANS HELD IN WHITE HALL

Deceased Had Long Been Prominent in Greene County Resident—Funeral, Ray Steelman—Old Time Printer Dead.

White Hall, June 26.—Death has carried away one of the great women of White Hall and Greene county when it summoned Mrs. Julia Evans, whose funeral at 3 o'clock this afternoon on the lawn of the home on West Bridgeport street manifested the sympathy of the community. The discourse was delivered by Rev. Lee A. Hanchett, pastor of the Presbyterian church, and the burial was in the White Hall cemetery.

The latter part of January she suffered an attack of influenza, from which she did not recover and resulted in complications. Every possible effort was made to restore her health and two weeks ago there was a general feeling of hopefulness. A week before her death, however, it was necessary for her to undergo an operation, and she was accordingly taken to Our Savior's hospital at Jacksonville, where she peacefully passed away at noon Saturday.

Her maiden name was Bowman, and she was born on the Bowman farm, west of Carrollton February 12, 1850, one of a family of three brothers and four sisters, of whom the survivors are Samuel Bowman of Julesburg, Colorado; Mrs. Posie B. Ryan, Mrs. Kate Prindle and Miss Alice Bowman, all of White Hall. Her husband's name was Thomas E. Evans, and they were married in 1875, he dying in 1891 while the Evans family was residing in Kansas, where they spent nearly six years. In the fall of that year Mrs. Evans came to White Hall with her children, and it is here that her children developed into manhood and womanhood and here she has since resided, excepting four years at Lincoln and four years at Champaign in order to give certain of her children educational advantages that their careers demanded.

Her children are: Mary, Scott, Ward, Ruth, Donald and Vera, the latter being Mrs. A. W. Hinerman of Casper, Wyoming. Donald is a resident of Kenosha, Wisconsin and he reached here in little more than twelve hours following his mother's death. This is a trained and useful family of children, reflecting the characteristics of a great mother, whose devotion to the cause of education, of patriotism and the general progress and uplift will be more and more apparent upon the community where she spent her most useful years.

Two Other Deaths.

Ray Steelman, aged 22 years July 10th next, son of E. E. Steelman, one of the prominent farmers of the Barrow neighborhood, residing four miles north of White Hall, died at 2:25 p. m. Saturday, death being caused by pneumonia, with which he had been troubled about a week. Funeral services were conducted in the Baptist church at Patterson at 10 o'clock Monday by Rev. Fred Peek of Girard, and the burial took place at Pine Tree cemetery at Patterson. Besides the parents, the deceased is survived by one brother and three sisters.

The recent death of Charles Ballow of Jerseyville removes one of the old time printers of this section. For the past 10 years he had been engaged in the photograph business at Jerseyville. He was located in White Hall for a long period of years in the employ of the late Capt. E. J. Pearce on the Republican, and for a time by W. J. Roberts on the Register. Here his son Harvey was born and served his printing apprenticeship and later was connected with the business in Springfield, for a time having charge of the public school printery. The age of the elder Ballow was past 75 years at the time of his death. He was an artistic printer and his qualities were communicated in liberal degree to his son Harvey and to the latter's son, both being connected with the business in Chicago. Mrs. George Monzo of Jacksonville is a granddaughter of the deceased.

GAINS 16 POUNDS AND FEELS 20 YEARS YOUNGER

Reynolds Says Tanlac Fixed Him Up In Fine Shape After He Had Suffered From Stubborn Stomach Trouble More Than a Year.

"I feel twenty years younger and have gained sixteen pounds by taking Tanlac," declared C. H. Reynolds, prominent hardware dealer and sheet metal manufacturer, 412 Halstead St., Chicago, Ill.

"For over a year my appetite was so poor that I never felt like eating and my stomach was so disordered that even the little I forced myself to eat turned sour as acid, gave me heartburn and did me no good. Gas bloated me after meals until I had such a tight smothering sensation in my chest I could hardly stand it. I had severe headaches and dizzy spells that were hard to endure and I was so nervous my sleep was broken and never refreshed me.

"Well, Tanlac toned up my stomach so nothing I eat hurts me. I feel so strong and vigorous now I can wade into the biggest kind of day's work and come out at night feeling fine. Tanlac hasn't an equal anywhere."

Tanlac is sold by all good druggists.

MOTHERS AND DAUGHTERS

Read This Letter from Mrs. W. S. Hughes

Greenville, Del.—"I was under the impression that my eldest daughter had some inter-natal trouble as ever since the first time her sickness appeared she had to go to bed and even had to quit school once for a week. I always took Lydia E. Pinkham's Vegetable Compound myself so I gave it to her and she has received great benefit from it. You can use this letter for a testimonial if you wish, as I cannot say too much about what your medicine has done for me and for my daughter."

Mrs. W. S. HUGHES, Greenville, Del.

Mother and oftentimes grandmothers have taken and have learned the value of Lydia E. Pinkham's Vegetable Compound. So they recommend the medicine to others.

The best test of any medicine is what it has done for others. For nearly fifty years we have published letters from mothers, daughters and women, young and old, recommending the Vegetable Compound. They know what it did for them and are glad to tell others. In your own neighborhood are women who know of its great value.

Mother—daughters, why not try it?

THE BAKING POWDER QUESTION SOLVED

Most housewives proclaim that the baking powder question was solved for them the moment they used the first spoonful of Calumet. After that no doubt remained, no hoping—no searching for a perfect leavener—no wondering if bakings would "turn out all right."

CALUMET BAKING POWDER

has solved the question because in all these thirty years it has never failed to produce wholesome and appetizing foods at an economical cost. It is as pure and sure as any baking powder ever made.

Calumet is more economical than other brands selling for less because its quality is the highest—no losses from spoiled bakings.

Use Calumet once—that's enough to prove to you that it's "best by test."

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

DID YOU EVER EAT ANY SLANG JANG?

If Not Here's the Recipe — No guarantee That It Won't Kill.

DALLAS, Texas.—Famous among epicurean dishes of the southwest is Slang Jang, which was perfected by Mrs. J. R. Ransone, Jr., of Cleburne, Texas. It is neither liquid, salad nor chop suey, but a combination with a dash of Mexican piquancy and sufficient relish to satisfy a healthy appetite. Slang Jang has been served by Mrs. Ransone, as hostess at her home and on gala occasions throughout Texas, to thousands of visitors from far parts of the world, who were in Texas either on newspaper business, or as the guests of Texas newspapermen. Mrs. Ransone for years, while her husband was busy with politics and business, conducted his newspaper, the Cleburne Enterprise. As its active head she entertained, both in Cleburne and at frequent conventions, for years. The qualities of slang jang, and its recipe are thus described by Mrs. Ransone:

“It is a most appetizing liquid ‘eat’ suiting all tastes. Those who sample it always call for ‘more.’

“The beauty of slang jang is that though it was originally accompanied by the fluid that made Milwaukee famous, it is just as good with coffee in the winter, or cold drinks in summer.

“It is a square meal, which will put so much pep into a person that he will feel that he has supped from the fount of youth; for what one ingredient fails to give, another furnishes fully.

“It is a boon to the housewife, who sees a motor full of guests approaching and knows the spring bullets are too young for the skillet; or for Sunday night supper when there is no maid; or on a hot summer day when a bunch of fellows drop in on a bachelor friend. It requires no cooking whatever. The youngest child in the family can slug it together, but it takes a bit of practice to season it to a nicety.

“Here are the requirements: a polished or a doul table, centerpiece for large cutglass bowl, napkins, spoons, a block of ice in the bowl. On the serving table, mix two cans of rosy tomatoes cut in

SAFE INVESTMENT CAMPAIGN RESULTS

CHICAGO.—The United States Treasury Department's safe investment campaign has found a firm foothold in the Seventh Federal Reserve District. Figures made public today by District Director William B. Bosworth show that \$10,000,000 have been invested in the new issue of 4 1-2 per cent Treasury Savings Certificates in his district. Small investors in Illinois and Indiana have “salted away” seven million dollars in these new securities, while those in Wisconsin, Michigan and Iowa invested three million.

Interest on these securities is automatically compounded every six months and handed to the investor in one lump sum at maturity. Thus the large group in this district which has invested \$10,000,000 will receive \$12,500,000 five years later.

District Director Bosworth says “These certificates differ from bonds in that they have a cash redemption value which increases every month regardless of economic conditions which affect all other securities. The investor knows today what his certificates will be worth at any particular time within the next five years. There is no state or local tax, and registration protects the investor from all forms of loss. Money invested in these new certificates increases twenty-five percent in five years. This is the highest yield now obtainable on any government security.”

All postoffices and the Federal Reserve Bank of Chicago are authorized to accept investments ranging from \$20 to \$4,000 from any individual, adult or minor.

TO CELEBRATE 4TH AT DIXON
DIXON, Ill.—Fourth of July in this city will be celebrated by thirteen hours of entertainment at Assembly Park, beginning at 9 o'clock in the morning and ending at 10 o'clock in the evening. The feature of the celebration will be a display of fireworks in the evening.

PRAGUE.—One glass of beer is brewed in Czechoslovakia today when three glasses were produced before the war. The reason is heavy taxation, high prices for materials, and the high rate of exchange on the local crown in the currencies of Germany, Hungary and Austria. The pre-war total was 13,000,000 hectoliters; for this year it is estimated at about 4,000,000. Foreign export has ceased; German brews are competing with the home product; and a vast amount of barley is seeking a buyer.

The price of fresh meat is so high in Czechoslovakia that American frozen, salted and canned meats are being sought to relieve the stringency. The government has called for the American product at prices 50 per cent lower than those prevailing for fresh meat.

Various conditions conspire to keep up the price of local meat. Cattle from Poland and Denmark and hogs from Hungary and Rumania are prohibited on account of alleged infection; there are limited cold storage facilities in the country, and but few cold storage cars on the lines to Hamburg. The government will attempt to regulate imports to meet the local demand.

STRENUOUS DAY IN CAMP FOR SCOUTS

Big Fish Supper Feature of First Day — Ball Game Won By Orange Group.

Meredosia, June 26.—Monday was a strenuous day for the Scouts of Troop 4 at the Meredosia Rotary club house. Hoover, Graff and Olds were the advance guard coming down Sunday night. The other boys reached camp at 9:30 a. m., and after helping Mr. Riley with some

brick and tiling work enjoyed a fine swim in the bay. Chef Bartlett served dinner at 12:30 and all pronounced a fine feed. Mr. Riley, his two men and Mr. Pontius were guests at the noon day meal. At this writing Mr. Bartlett is preparing a big fish supper for 21 hungry boys, a scoutmaster and preacher equally as hungry.

The big ball game between the Orange and Black divisions resulted in a victory for the Orange troop of which Martin Graff is captain. Scoutmaster Roodhouse was on the mound for the Orange division and Hoover (Capt.) Coop and Green were the Black troop pitchers. Rev. Pontius acted as umpire and all pronounced it SOME game.

The Endeavor Girls of the church and several of the boys' mothers will visit the camp Tuesday which bids fair to be a real enjoyable occasion for all.

TURKS MAKE "ANGEL" OF AMERICAN GIRL.

Podgoritz, Montenegro.—(By The A. P.)—Miss Margaret N. Robins, an American girl, has been made an "angel" by the Turkish population of this city. Miss Robins, who comes from Philadelphia, has been doing Red Cross work among the poor of "Turkey Town," the Moslem quarter of Podgoritz, where she came to be worshipped as "the American angel." She has saved the lives of many women and children and the grateful natives look upon her with the reverence and adoration of a patron saint.

ALARMING DECREASE IN BIRTHRATE.
CETTINJE, Montenegro.—There has been an alarming decrease in the birthrate of Montenegro, due to the loss during the war of so many of the "Black Mountain's" fighting men. The government is offering premiums to mothers who bear male children. The females now greatly outnumber the males.

The incentives offered by the government to mothers of male children have resulted in pathetic appeals from the untutored peasant women to the American Red Cross nurses to give them "some medicine to make a boy."

In Montenegro boys are considered much more valuable than girls, and the constant prayer of the mountain dweller is that she may be blessed with a male child.

The disparity in the sexes largely the outgrowth of the days when Turkey held dominion over the Balkans and when the liberty loving Montenegrins had an ever-present need of men to defend the homeland.

In Montenegro the women do all the work, the men considering manual labor undignified. They feel it their chief duty to carry firearms and swords, talk politics, and prepare for the next war.

ASK FOR RULING ON SHIP LIQUOR SALES

(By The Associated Press)

WASHINGTON, June 26.—Secretary Mellon has formally requested Attorney General Daugherty for a ruling as to the legality of the sale of liquor on shipping board vessels outside the three mile limit, it was stated at the treasury department.

It has been officially held by counsel for the prohibition enforcement unit that the treasury regulations, as now drawn, do not prohibit such sales.

Requests for the ruling, it was said, was made at the urging of prohibition Commissioner Haynes and an early reply was sought in order to settle finally the controversy precipitated by Adolphus Busch III, in connection with the shipping board's practice of operating bars at sea.

Only a decision of a court could overturn any position the attorney general might take.

CHAPIN HOUSEHOLD SCIENCE CLUB MET

Mrs. W. W. Anderson is Hostess to Club Members at Most Recent Meeting.

CHAPIN, June 26.—Mrs. W. W. Anderson was hostess to the members and guests of the Chapin Household Science club recently at her home here. The company had been invited for the noon hour, and at 12 o'clock a very elaborate luncheon was served, consisting of fried chicken, mashed potatoes, gravy, cabbage salad, pineapple and marshmallow salad, creamed peas, hot rolls, relish, fruit, ice cream with raspberries, angel food cake, coffee, iced tea.

After a most pleasant social hour the guests assembled for the afternoon program. Miss Edna Hatches sang two numbers in her usual capable manner. Miss Helen Markham accompanied.

Dr. J. H. Fountain, upon request of the club, delivered a very instructive address on the subject of "Tuberculosis." He handled the question in a manner, which displayed understanding of the subject and for which the ladies gave him a rising vote of thanks. Roll call was responded to by giving "Health Hints."

Miss Helene Markham rendered some very pleasing piano selections and Mrs. B. Cratz gave an interesting reading, responding with an encore.

The guests present were Mrs. P. H. Mam, Miss Edna Hatches, Miss Letha Eller and Mrs. Charles S. Black of near Jacksonville. The meeting closed with the club ladies offering general expressions of appreciation to the hostess for the lovely day given them.

Perfect Foot Comfort

Note this Diagram

The arrow indicates where your weight is distributed normally and in a properly fitted shoe—center of heel, ball of foot and under great toe. Pressure elsewhere indicates improperly fitted shoes and, sooner or later, discomfort and genuine foot troubles.

Take a shoe that you have worn for a time and put your hand inside and run your fingers over the inner sole; you will notice the indentations made which will show exactly where your weight is being placed.

Almost every foot trouble is due to a shoe too narrow, or short, at the ball of the foot and is easily corrected.

If you are suffering from any foot discomfort whatever drop in and let us examine your feet—our advice will cost you nothing and place you under no obligations. We are experts in this work.

STATE HOSPITAL SET FOR BIG CELEBRATION

Plans Completed for Biggest
Event Ever Held at the Institution—
Excellent Program Will
Run Thru the Day.

Big doings are being planned at the Jacksonville State Hospital for celebrating the Fourth. A number of St. Louis vaudeville performers have been engaged to entertain, and many amusement concessions have been granted. The big celebration will cost the taxpayers no money and no funds have been solicited.

Every cent that the big affair will cost has been earned by the patients themselves, by the sale of articles that they make, such as toys, fancy work and candy. One official's wife has made 80 pounds of candy to sell for the benefit of the celebration. Every year as soon as the fourth is passed the patients and officials begin to plan the next years celebration and the means of getting the money to make it possible.

It will be noticed that Fred Peabody is one of the main actors on the program. He is a patient at the hospital and all his life before being brought here, was a professional contortionist, appearing with all the big circuses and vaudeville circuits having been with Ringling Brothers, Barnum and Bailey, and the Orpheum Circuit. Peabody has toured the world in this work and has no peer in it. He will prove a source of wonder and delight to all who see him.

Although the people of the city will be allowed to attend the celebration if they so desire, it is desired that they will keep themselves in another part of the grounds from the patients, as difficulties might arise if the visitors and patients become intermixed.

The program for the day, and the concessions that have been granted are as follows:

Music furnished by Jacksonville City Band composed of thirty pieces.

The patients will be treated with 3,000 cigars, chewing gum, 16 boxes of oranges, 25 bunches of bananas, 600 pounds of peanuts, 200 gallons of ice cream and lemonade. The money used to defray expenses of the celebration comes from the amusement fund contributed by the patients.

CLUBS AND SOCIETY

Had Picnic at Park.

One of the most pleasant picnics of the season was held Sunday evening at Nichols park the event being planned by Mrs. C. R. Gibson of Franklin.

Supper was served at 6 o'clock and the menu included fried chicken as well as many other delicious viands.

A most enjoyable social time was then spent by the following company: Mr. and Mrs. G. B. Kendall and daughter; Mr. and Mrs. L. A. Reed and family; Mr. and Mrs. H. E. Kitchner and family; Dr. and Mrs. G. H. Kopperl; Mr. and Mrs. C. R. Gibson; Mr. and Mrs. Harold Welch.

PAVING ORDINANCES PASSED BY COUNCIL

Improvements Proposed for East State Street and North Main Streets—Little Other Business at Monday Meeting.

The city ordinances for paving of East State street from the railroad to Johnson street, and North Main street from North street to the Wabash railroad were presented at the meeting of the city council held Monday night.

The vote on both ordinances was unanimous. Mayor Crabtree presided and the roll call by City Clerk Scott showed present: Aldermen McGinnis, Flynn, Longergan, Ehnie, Chapin, Harmon and Rowe. Several residents of Bedford street were present to talk about oiling on that street and deposited the money for the work with the city clerk, Frank Matthews, E. H. Hardy and Theodore Forwood, representing the residents of the street.

E. F. Johnston was present to call attention to certain questions of sewerage in connection with residents on North West street. Mr. Johnston said frankly that he did not know just what steps could be taken to improve the conditions there. The matter was referred to the health committee.

Complaints about weeds were presented by Aldermen Harmon, Longergan and Rowe. This matter was referred to the police department and penalties will be enforced where people do not comply with the orders.

The city clerk was instructed to send a letter of sympathy and regret to Alderman Sorrells who is under quarantine at his home because of scarlet fever.

The East State street paving ordinance carries Engineer Henderson's estimate of \$34,200. This includes \$24,651.90 for asphalt; \$5,273 for curb and gutter. The other estimated expenses are for the removal of the old curb and brick and for the necessary legal fees.

The estimated cost of the North Main street pavement is \$10,757. This is to be a brick pavement and the brick will cost \$8,130.50. The estimate for the curb and gutter is \$1,340 and the other costs are for removing brick and curb and for the necessary legal expenses.

S. H. Larimore, one of the East street property owners, asked about the width of the pavement and was informed by Engineer Henderson that the width will be 30 feet. On the street now a part of the pavement is 35 feet wide and the remaining distance 32 feet wide. The culvert at the brook on South Diamond street is in bad condition and the matter of repairing it was referred to the sewer committee, the street department and the public engineer.

WEDDINGS

Thuet-Shumway.

Miss Tina Shumway, a former student of the Illinois Woman's College and a sister of Mrs. Thomas Turner of this city, was married recently to Louis Thuet of Palmyra. The ceremony was held at the home of the bride's parents, Mr. and Mrs. Claude Shumway at that city.

The bride was a student at the Woman's College for several years and stayed at the home of her sister. For the past year she has been teaching in the northern part of the state. Mr. Thuet is a prominent young dairyman of Palmyra.

NOTTINGHAM-SHIRLEY

The office of the Illinois Woman's college has received an announcement of the marriage of Miss Vivian Shirley of Pontiac to Mr. Wayne Buckles Nottingham, of Westfield, New Jersey. The bride was a graduate of the class of 1918 at the college and has many friends here. Mr. and Mrs. Nottingham will be at home at Westfield after August 1st.

FLORA-BASSINGER

Everett H. Flora and Miss Lola Bassinger, both of this city were married yesterday afternoon by Justice Opperman in his office in the justice building. The groom has only been a resident of the city for a short time, coming here from Hgrrin. The bride was an employee of the Jacksonville State hospital.

WITH THE SICK

Alderman Basil Sorrells of the second ward is confined to his home with scarlet fever.

LOCAL RESIDENTS HAD PICNIC AT MEREDOSIA

A number of local people went to Meredosia Sunday and spent the day very pleasantly. Fishing, boating and swimming were the chief amusements of the day and dinner and supper were both enjoyed on the banks of the river. The party included Mr. and Mrs. Andrew Cobb and daughter; Mr. and Mrs. Walton Bland, Misses Edith and Zella Keller and Ruth Wilkinson; Messrs. Clay Keller, Floyd Anderson and Harold Fox.

RETURNS FROM SPRINGFIELD

Mrs. E. J. Phillips has returned to her home here after a visit in Springfield with relatives. Mr. and Mrs. Harry Steinkuebler accompanied her home and spent Sunday in the city.

BOXELL FAMILY IS VISITING IN COUNTY

D. C. Boxell and family arrived yesterday from Marion, Ind., and are now guests at the home of J. W. Robertson near Alexander. They made the trip to this city by automobile, starting early Sunday morning. The family was resident in Jacksonville a number of years since and are being warmly greeted by a great many of their old time friends.

Miss Elie Pyatt will be one of the party when the homecoming journey is made, and will spend several weeks at the Boxell home.

WILL GO TO COLORADO FOR THE SUMMER

Dr. and Mrs. A. L. Adams and daughter Minna Margaret will leave the latter part of this week for Eldora, Colorado where their summer home is located. Dr. Adams expects to be back about the first of August, but Mrs. Adams will remain until September.

GOING TO MICHIGAN VISITING RELATIVES

Mr. and Mrs. Oliver M. Capps of Hammond, Ind., arrived in the city Saturday evening by auto to spend several weeks with their parents, Mr. and Mrs. C. C. Capps and other relatives.

RETURNING TO MICHIGAN

City attorney Walter Bellatti will leave tonight with his children for Harbor Point, Mich., to spend several weeks. Mr. Bellatti's sister, Mrs. Erwin Escher of Houston, Tex., who has been a visitor here for several weeks, left Monday for the Michigan resort.

DR. AND MRS. HARKER GO TO CONFERENCE

Dr. and Mrs. J. R. Harker will leave today for Chicago where Dr. Harker will attend the annual meeting of the Council Board of Benevolences of the Methodist Episcopal church, on Wednesday and Thursday. This is a board which meets to unify the benevolences of the church and prevent duplication of the work. During their stay in Chicago Dr. and Mrs. Harker will visit at the home of Mr. and Mrs. James E. McMurray.

As member of the church board of education Dr. Harker will go next week to Helena, Montana, to see if it is possible that the Wesleyan College of Montana be united with the nearby Presbyterian college.

Mr. and Mrs. Mark Hunt who have been visiting the Harkers have returned to their home in Quincy.

FUNERALS

Funeral services for James T. Esmond were held from the Gillham Funeral Home at 4 o'clock Monday afternoon in charge of the Rev. A. P. Howells, pastor of First Baptist church.

Music was furnished by Mrs. George Stoldt and Miss Carrie Spies. The flowers were cared for by Mrs. David Claus, Mrs. Volley Hoffman, L. V. Seymour and Mrs. George W. Davis.

Burial was in Diamond Grove cemetery the bearers being Messrs. Spring, Haley, Brockhouse, Franz, Davis and Snyder.

GOOD ROAD BOOSTERS MADE WINCHESTER TRIP

W. E. Sullivan, T. M. Tomlinson, M. A. Huett and Harold Welch made a trip yesterday morning to Winchester to attend a conference with reference to betterment of the Ocean to Ocean highway. The meeting was held especially for the purpose of considering the betterment of the highway near the river, and definite plans were worked out to this end.

The Scott county commissioners stated that extensive improvements are soon to be made in the route as it approaches the river, including the straightening of the highway. The recent high water wrought great damage to the roads in the Valley City neighborhood and the task of putting them back into normal condition is a big one. However, the Ocean to Ocean route in that vicinity is now in fair condition and is extensively used by tourists.

JUSTICE COURTS.

Edward Goldstein was arraigned in Justice Opperman's court on Saturday and fined \$10 and costs on the charge of speeding.

REAL ESTATE MEN HELD CONFERENCE

Heard Address Last Night by
Secretary Wilson of the State
Association.

Emmett Wilson, executive secretary of the Illinois Realtors Association, was in Jacksonville last night and met with the Jacksonville real estate board. Dinner was served at the Dunlap hotel at 6 o'clock and various matters of interest were discussed.

Mr. Wilson in his remarks declared that there is a new day in the real estate business in Illinois and in Jacksonville, as the new license law which is now in full force protects the buyer, the seller and the broker.

Considerable business of importance was transacted. Several committees were named and plans for the future work of the board were outlined. A committee was appointed to arrange for a banquet to be given in the near future to which all real estate brokers and salesmen in Morgan county will be invited.

It is the expectation of the committee that one of the field men of the Illinois Realtors association will be present at that time to address the assemblage on a topic of live interest to real estate men.

IS HERE FOR VISIT

Harry Hofmann of Fargo, N. Dakota, is now in the city for a visit at the home of his uncle, Harry Hofmann, 620 Jordan St. The visitor will later proceed to New York City, where he will be associated with the Valentine Varnish Co., as chemist.

"The combination of ice scenery with woodland scenery of the grandest type is to be found nowhere in the Old World—and so far as we know—nowhere else on the American Continent."—James Bryce.

Mt. Rainier, rising nearly 15,000 feet into the blue, is the greatest accessible glacier field in the world.

Forty-five square miles of ice and snow constantly moving and ages upon ages old. And right at the side of the glaciers wild flowers bloom all summer.

You may toboggan down the snowy slopes; explore the glaciers; or roam the trails on foot or horse—324 square miles of alpine and wooded playgrounds.

MIDDIES AGAIN WIN THE TITLE

United States Naval Academy Eight Oared Crew Takes Race After Terrific Battle—Shattered Record It Made Last Year.

POUGHKEEPSIE, N. Y., June 26.—The United States naval academy eight oared crew is still intercollegiate rowing champion of America. In the greatest battle ever witnessed on the heroic regatta course of the Hudson, the Middies this afternoon repeated their triumph of 1921 by winning the three mile varsity race from the greatest collection of college shells that ever rowed in a similar race in the history of the sport.

Forced to terrific speed by the repeated challenges of Cornell, Washington and Syracuse, the sailors finally emerged victors by one length over the University of Washington eight champions of the Pacific coast. Scarce a length behind the far coast shell came Syracuse and Cornell, so closely locked that it was only after a long discussion among the judges at the finish that the former was awarded the third place of the Ithaca combination. Out distanced almost from the start, Columbia and Pennsylvania fought out a duel of their own to avoid last place, and in this the New York challengers were successful.

So bitter and gruelling was the struggle that the middy sweep swimmers were forced to shatter all collegiate rowing records in their efforts to hold the lead. As the prow of the navy shell shot across the line, the timers caught the flying crew in the remarkable figures of 13 minutes 35 3-5 seconds, shattering by more than half a minute the record made by the sailors when they won last year by a full five lengths from California in 14 minutes and 7 seconds.

The Seattle Collegians after one of the most desperate spurts ever witnessed in an intercollegiate rowing association regatta, finished in 13 minutes, 38 1-5 seconds. These times, remarkable times as they are, fail to tell the story of the thrilling race. Sensational as were the junior varsity race won by Cornell, and the freshman event, captured by Syracuse, they were merely appetizers of the struggle which rowing enthusiasts have been looking forward to since entries for the three mile race were announced.

INDEES DEFEATED COLORED GIANTS

Take Free Hitting Game by Score of 8 to 5—Wheeler of Giants Has Perfect Day at Bat.

In a free hitting game Frank Smith's Indians defeated the Twenty-first Century Giants of Springfield at South Side park Sunday by a score of 8 to 5.

The Giants hit the ball harder than the Indians getting a total of eleven hits, to the Indians 8. However, they were not so opportune and their errors also were more costly than those of the Indians.

The feature of the game was the hitting of C. Wheeler, a local player who was on first for the Giants. He hit safely in four times up, one of his blows being for three sacks. He scored two of the visitors runs and drove in another, thus being responsible for all but two of their runs. Weir another local player caught for the Giants and did good work.

The Indians presented Redding a new pitcher and he did good work until he was knocked unconscious by Cooper second baseman of the Giants who tagged him in much the same manner as one would maul a rail. He was compelled to leave the game in the fifth and Seymour took his place and held the Giants safe. Manager Smith took Redding by automobile to his home in Springfield Sunday evening. Word from there Monday was to the effect that he was still dazed and the injury may result seriously.

The Indians scored two runs in the first one hit, aided by a stolen base and an error and a wild pitch. The Giants made one in the second on one hit, an error and a fielder's choice. They tied the score in the third on two singles and an error.

The Indians took the lead in the

CINCINNATI BEAT CARDINALS 7 TO 4

Hit Three Card Pitchers to All Corners of the Lot—Burns Gets Four Hits in Five Times Up.

St. Louis, Mo., June 26.—Cincinnati trounced the Cardinals 7 to 0, in the first of the two game series, Frank Keck, phenomenal recruit holding the Cards several times after they got men on bases. The Reds hit three St. Louis twirlers to all sections of the park, George Burns getting four hits out of five times to the plate.

COUCH PLAYS GREAT GOLF AT KANSAS CITY

Chicago Youth Ties With Johnston of St. Paul—Each Played Course in 72, One Below Par.

Kansas City, Mo., June 26.—With scores of 72 each, one under par for the course, Harrison R. Johnston, St. Paul, and Ira L. Couch, Chicago, led the field today in the first 18 holes of the qualifying round of the annual western golf championship tournament.

Considering the fact that 32 players shot under 80, which is a remarkable performance and shows the splendid class of entries, it is likely it will take about 158 to land in the championship flight of 32 players.

The performance of Young Couch was a remarkable one. An 18 year old player, he shot consistent golf.

Johnston also played splendid golf.

With par for the course at 73, the first nine holes measure 37 and the second 36, "Chick" Evans, Chicago, present champion, turned in a card of 76 and if he plays as well tomorrow, he will qualify altho there were several better scores today.

Evans merely played a steady game, with 38 on each nine, figuring to qualify.

WON'T LET FIGHT GO ON IN OHIO

Washington Court House, Ohio, June 26.—"Tut" Jackson, negro heavy weight fighter who was to have met Jack Johnson, negro former heavyweight champion here July 4, was ordered today by Judge C. A. Rekl, "to refrain from engaging in a prize fight contemplated here for July 4."

Jackson will be placed under bond as a guarantee that the court's order will be followed out.

WILEY WINS HIS FIRST MATCH

CHICAGO, June 26.—John Wiley, of the Chicago Tennis club, won his first match in the Illinois State Tennis championship tournament at the Skokie Country club today by defeating W. G. Cassels of Toronto, Canada, 6-2, 6-4.

Fritz Bastian, of Indianapolis, Florida and Michigan state champion and Western doubles title holder with Ralph Burdick, won his first match from Andrea Max of Chicago, 6-0, 6-3.

These were the only out-of-town players in action but several are to play tomorrow.

DECISION GOES TO BRITTON ON FOUL

Referee Claims Leonard Struck Britton While He Was on One Knee—Foul Occurred in Thirteenth Round—Fighting About Even Up to This Time.

NEW YORK, June 26.—Jack Britton, World's welterweight champion, successfully defended his title against Benny Leonard, lightweight champion, Referee Patsy Haley claiming that Leonard hit Britton while the latter was on one knee, in the thirteenth round of their fifteen round fight tonight.

After two minutes and 42 seconds of fighting in the 13th round Britton suddenly went down on one knee and the referee started counting over him. Then Leonard walked over and struck Britton with a left to the body.

The referee said he had not seen a foul blow struck before Britton went down, although Britton claimed one. Britton then sat in his corner unhurt.

He had had the better of the fight until this incident. He had been on the offensive during the greater part of the contest and took Leonard's hardest blows with a toss of the head and smile. He cut Leonard's lip with lefts and rights and though he was turned around several times by the lightweight champion's straight rights to the jaw, he came back at all times unflinched and full of fight.

After the fighters had left the ring the crowd surged around the ring, demanding an explanation of both fighters' tactical connection with the foul. Britton was on one knee and was deliberately struck by Leonard, who then walked to his corner claiming that he had struck Britton fairly. The referee said he thought the blow unintentional.

Leonard weighed 139 1/2 pounds and his veteran opponent 146 1/2—three quarters of a pound inside the welterweight limit.

The contest was interesting at all stages, with both men appearing to be fighting their best. Despite his 37 years Britton displayed no end of activity and when called upon brought all of his famed ring generalship to bear against his opponent.

The result prevented Leonard from achieving his greatest ambition—to become holder of both the lightweight and welterweight world titles. No lightweight champion ever has been able to win the welterweight title.

ROUND ONE—Leonard took the offensive, landed a light to the nose and Britton missed a left swing to the body. They exchanged rights and lefts to the body. Both fought very cautiously. Leonard to evade Britton's left hook and Britton to keep away from the light weight champion's straight rights. There were few blows during the round.

ROUND TWO—They passed a few light punches to the jaw and were in a series of clinches. Britton staggered Leonard with a right to the jaw. Leonard retaliated with lefts to the face. Leonard turned Britton around with a right to the jaw at the bell.

ROUND THREE—Leonard pushed Britton around the ring with lefts to face. Britton sent several rights to stomach. Leonard's upper lip was cut by a straight left. They exchanged hard rights and lefts in close quarters and Leonard was backed into a neutral corner at the bell.

ROUND FOUR—Leonard staggered Britton with a hard right to the jaw and followed with a series of straight lefts to the face. Britton sent hard lefts to face and body. Britton forced Leonard to the ropes, with a body attack. They were fighting hard as the round closed.

ROUND FIVE—Britton took the offensive but landed a few hard blows. They fought for the head and body at close quarters. Britton appeared to be having the better of the exchanges.

ROUND SIX—Leonard caught Britton with several straight rights. Britton found Leonard's head with a right swing. Britton was cut in the mouth with a straight left. They had a fast exchange on the ropes with Britton on the offensive.

ROUND SEVEN—Leonard appeared to be taking things easily, waiting for a chance to land a knockout punch. Meanwhile Britton found his jaw with right and left hooks. They staggered each other with rights to the head. The fighting was slow in this round.

ROUND EIGHT—They traded punches to the head and body. Leonard was working a straight left to the head effectively, but was shaken twice with left hooks to the jaw. They exchanged body punches in an encounter at close quarters, with Britton appearing to have the best of it.

ROUND NINE—Leonard jumped from his corner and forced the welterweight king around with rights to the head, but Britton's defensive work was at his best and he was little hurt. Britton sent a series of straight lefts to the face and forced Leonard into a neutral corner. Leonard missed several right swings and took a hard punch to the jaw.

ROUND TEN—Leonard was shaken with rights to his jaw. Leonard returned hard lefts to the jaw, and Britton seemed willing to mix, returning as good as was sent. Leonard was always on the

MEXICAN PETROLEUM AGAIN IN LEAD

By Associated Press.
NEW YORK, June 26.—Re-
ports that the Stock Exchange
had found no proof of an at-
tempted corner in Mexican Pet-
roleum today sent that stock back
into its recent leadership to the
after demoralization of the
shorts.

That faction covered fraction-
ally at the outset the stock soon
advancing in comparatively small
lots to 194½ against last week's
closing price of 181½. At midday
it rose to 204½. Late in the ses-
sion selling for profits caused a
more substantial setback to 195
a net gain of 13½ points and 9
points over the year's previous
minimum.

Mexican Petroleum "A" and "B" shares made extreme
gains of 6½ and 7½ points, re-
spectively, retailing the greater
part of their advances.

Several investment rails were
disposed to advance but gave way
to the realizing of the later deal-
ings when call money rose to
5½ per cent.

Sales amounted to 800,000
shares.

In view of the deficit in actual
cash holdings reported by the
clearing house bank last Satur-
day and preparation to meet July
interest and dividend payments,
today's hardening of call loans
occasioned little surprise.

Foreign exchange conditions
were confusing but sterling rose
fully 3c over last week's low
quotation.

All Liberty bonds with one ex-
ception again sold well over par,
but no new records were estab-
lished, despite heavy operations
in the several 4½ per cent basis.

Total bond sales (par value)
aggregated \$14,733,000.

GETS PLEASANT SURPRISE
"About 6 months ago my father
was very sick with his stomach,
which had been troubling him for
several years. Three doctors said
he had cancer and one said it was
gall stones—all agreed an opera-
tion necessary, but on account of
his age I was afraid to risk it. I
told a friend about it who said
his wife had been through the
same trouble and had been cured
by taking May's Wonderful
Remedy. I at once bought a bot-
tle for father and he is now as
strong as a bear and can eat more
ham and cabbage than any 3
men. It removes the catarrhal
mucous from the intestinal tract
and allays the inflammation
which causes practically all stom-
ach, liver and intestinal ailments,
including appendicitis. One

BAPTISTS AGREE
TO AGREE AFTER
BIG CONFERENCE

Rev. A. P. Howells Tells of National
Convention at First Baptist
Church Last Night.

In a review of the proceedings of the Northern Baptist Convention recently held at Indianapolis, Ind., the pastor of the First Baptist Church, Rev. A. P. Howells, in an address before his church on Sunday night informed his congregation that the Baptists of the North had "agreed to agree."

The convention was a representative gathering of 3,000 delegates and visitors, drawn from all parts North of the Mason and Dixon line. The great metropolitan dailies had sensed a battle and had representatives present at the press table. This included reporters from the Boston Globe, New York World and the Chicago Tribune. They failed to get the big "scoop" that they anticipated, and accordingly in some cases exaggerated the proceedings. The last telegram sent from the convention was to a Boston newspaper, regretting that its "scare head" had intimidated that Dr. Masses, of Tremont Temple, was hissed. "Perfect courtesy was shown every speaker, and a fine Christian spirit prevailed," said Rev. Howells.

The conservatives proposed three things to the Convention. First, that the Convention adopt the New Hampshire Confession of Faith as its creed. The liberals offered a sub-

stitute motion that the Convention "affirm the New Testament as the sole sufficient ground of faith and practice and that we need no other statement." This was carried two to one. The presence of Dr. Mullins, President of the Southern Baptist Convention which took similar action at its Convention in Jacksonville, Florida, in May may have had something to do with overwhelming vote. A second effort of the Fundamentalists was the sale of the national newspaper known as the Baptist and published in Chicago, Ill., which is costing the denomination \$20,000 per year to support and which the conservatives say, is the organ of the liberals. This motion was also lost, and the conservatives will continue to speak through the privately owned weekly, The Watchman-Examiner of New York, which is gaining a wide circulation in the West.

In view of the fact, that a conscientious effort is being made to reduce the expenses of the Board of Promotion, the conservatives did not press their effort to "junk" the Board, believing that an honest effort should be made to collect all pledges on the \$100,000,000 before the five years were out. No Convention ever closed in a finer spirit, said Rev. Howells. "The large sign over the Convention platform had done the work, 'Resolved to differ, but agreed to love'."

MANCHESTER MAN HAD
PAINFUL ACCIDENT

M. S. Howard Thrown Against Side
of Car and Badly Bruised Mon-
day Evening—Other Manches-
ter Items.

Manchester, June 26. — M. S. Howard was quite painfully injured late Monday evening when returning from Alsey in an auto with J. J. Gentle. While driving at a rapid rate the car passed over a rough place in the road and Mr. Howard was thrown against the car with such violence that he sustained several bruises about the face and neck. His injuries were so serious that it was necessary to call Dr. G. N. Lucas, but later Mr. Howard was reported to be resting comfortably. He had been engaged in painting the elevator at Alsey and was returning to his home here when the accident happened.

E. E. Rousey of Springfield is visiting home folks in Manchester. Misses Dorothy and Mabel Martin of Girard are visiting their aunt Mrs. Sarah Greenwalt.

Mrs. Della Marsh and two children of Bloomington are visiting Mrs. Marsh's sister Mrs. Ira Clark and family.

Mrs. Charles Sanders of Jacksonville spent the week end with friends here.

Mrs. Anna Caldwell and Miss Emily McCracken were Jacksonville shoppers Wednesday.

Mrs. Mary Wright and Mrs. Ella Spencer and daughter, Margaret of Murrayville spent Friday evening with Mrs. J. C. Andras, Jr.

Rev. and Mrs. Webster Rigg and children who have been visiting at the home of Charles Smith for the past few weeks went to White Hall Saturday for a short visit with relatives before going to their home at LeGrange, Mo.

Miss Josephine Murray returned from Bath Saturday night.

Freeman Grant of Perry is assisting Glenn Funk in the harvest. Miss Neva Cumby of near Winchester is visiting her cousin Mrs. Joe Curtis west of town.

Misses Corda Dean and Alice Wilkinson of White Hall spent Thursday and Friday with Miss Dell Summers.

THE VACATION BIBLE
SCHOOL

The hot weather seems to have little effect on the daily vacation bible school. When it was at first suggested and many times since failure or lack of interest was freely predicted. It was asserted most assuredly that but few children would care for it and that the second week and the rest of the time would see small attendance and little interest. Facts have utterly refuted all such predictions. The managers had to close the doors to more applicants and the attendance and interest have been well maintained.

A Journal reporter made the rounds of the four schools yesterday morning and was indeed pleased to see the interest which all were taking. Rev. A. P. Howells certainly demonstrated his right to be called a versatile man for he could handle the children, romp with them and then hold all quiet. All the others teaching or assisting have been persons of a high order of merit and deserve great praise for what they have done.

W. H. DeShara on VACATION
W. H. DeShara, Associated Press operator of the Journal last night began a month's vacation. Mr. DeShara left on the Hummer for Chicago for a ten days' visit with relatives. Upon his return he expects to spend some time fishing along the Illinois river.

During his absence H. L. Gifford of Lexington, Ky., will hold down the wire job in the office.

CAMP FIRE GIRLS HAD
OUTING AT MEREDOSIA

Members of Okiehe and Galapka
Camp Fires Returned Yesterday
from Rotary Cottage at
Meredosia—Some Events of the
Week.

The Okiehe and Galapka Camp Fires returned Monday morning from a most enjoyable week's camp at the Rotary club cottage at Meredosia. The weather man was most accommodating, giving a week of fine weather with the nights cool enough to make sleeping most enjoyable. Swimming and boating were enjoyed to the full. Few of the girls had ever rowed a boat before but by the end of the week they handled the boats like old timers. A number also had their first lessons in swimming and much progress was made in this line.

Among the features of the camp were two delightful excursions on the Julia Belle Swain, one Tuesday night down to the Griggsville landing and the other Wednesday up thru the La Grange locks to Beardstown and back to Meredosia. The Volley Ball tournament was won by the "First Rate Stickers" under the energetic leadership of Katherine Kamm. Elizabeth Wainwright's "Red Sox" captured the second place. Laura Young's "Sisslers" won the baseball tournament, after an extra inning game from the "Slocum's Alley Bunch," led by Olive Bray.

Some Good Stunts
Stunt night revealed some fine talent among the groups. Elizabeth Wainwright's group was given first place for their original playlet entitled "Her First and Last Caller." Olive Bray's group was given second place for their sketch entitled "Going Somewhere." Katherine Kamm's group was awarded third place for their amusing portrayal with shadow pictures of the ballad of "An Oyster Man."

The Field Meet was hotly contested, the First Rate Stickers winning with 23 points and the Red Sox coming a close second with 26 points. Elizabeth Wainwright's group was given first place for excellency in "K. P." work. Olive Bray's group won second place and Laura Young's group third. The Treasure Hunt was won after an exciting race, by Laura Young. Saturday evening the girls all took a trip to the city of Meredosia and enjoyed a moving picture show. Sunday the camp attended church in a body at Meredosia. A number of the parents and visitors came down to camp in the afternoon and stayed for luncheon Sunday night. The fitting climax of the camp Sunday evening in the Sunday Camp Fire ceremonial conducted by Mrs. Stickney, guardian of the Okiehe Camp Fire and Miss Ursula Fawcett, guardian of the Galapka Camp Fire. At this time Olive Bray and Dorothy Terhune were made members of the Okiehe Camp Fire and Catherine Goebel and Frances Frisch were made Wood Gatherers. After all visitors had left those who remained at camp had a boat parade about the bay and then returned to enjoy an ice cream treat sent out by Mr. Hedric.

Other Features.
Other features of the camp were the classes in First Aid under the direction of Miss Fawcett, in Mass Athletics under Miss Irene Groves and in Camp Fire songs under the leadership of Mrs. Stickney.

The group competition thruout the week was very close. The groups were graded on the places they won in the various tournaments, in K. P. work, Field Day, and in the Treasure Hunt. Elizabeth Wainwright's Red Sox won with 16 points, Katherine Kamm's First Rate Stickers came second with 12 points while the Sisslers and Slocum's Alley Bunch were tied for third place with 10 points each.

The Camp Paper which was read each evening was a very enjoyable feature of the camp as well. Elizabeth Wainwright was editor in chief and she was assisted by an able corps of writers including Margaret Stubblefield, sporting editor; Frances Cox, jokes; Laura Young, stunts; Frances Frisch was cartoonist.

This was the third and last of the series of camps of groups meeting at the Pilgrim Memorial. They have all been under the general supervision of Mr. Stickney. In this camp he was assisted by Mrs. Stickney, the guardian and Miss Irene Groves, the assistant guardian of the Okiehe Camp Fire; by Miss Ursula Fawcett, guardian of the Galapka Camp Fire, and by Mrs. Young and Mrs. Kennedy. There were 20 girls besides the leaders at this camp.

GOES TO COAST FOR VISIT

Walter Rabjohns has gone to San Francisco, California, from there he will travel by boat to Portland, Oregon, and will spend several days in the Yellowstone National Park, returning home by the Northern Pacific R. R., and Chicago. Mr. Rabjohns will combine business and pleasure in this trip and will return home about the third week in August.

RETURN TO HOME

IN CHICAGO MONDAY
Mr. and Mrs. J. D. Goodrick returned yesterday to their home in Chicago after a ten days' visit at the home of Mr. Goodrick's mother Mrs. Julia Goodrick. A number of social events given in their honor helped to make their visit a pleasant one.

Mrs. Joseph Decker and children rode to the city from Alexander yesterday.

Mrs. H. C. Hudson of the vicinity of Arnold was a caller in the city yesterday.

CHILDREN'S DAY AT
BETHEL A. M. E. CHURCH

Sunday evening Bethel A. M. E. church was filled with an interested audience gathered to enjoy the Children's day program. The little folks had been admirably trained and all went off in good shape. Every one present was well pleased with the performance of all on the program. Miss Ethel Strong, teacher of Primary class Number Two, announced the numbers, and Miss Ruby Parrish played the piano. Mrs. A. J. Jones and Miss Mabel Floyd were generally in charge.

Some splendid hats yet to be had for 95 cents at Herman's reduction sale.
